THE subscribers offer to the Wool Growers and Dealers of Wisconsin, their services as
Wool Brokers and Commission Merchants.
We will make liberal Cash advances on Wool to be sold in this market, or by our Agents in Buffalo, New York, or Boston; and hold ourselves ready to cash all sales made by us or our agents when desired.

The long experience of one of our firm in the Wool Trade in New England, and our extensive acquaintance among the manufacturers at the East, will warrant us in promising to offer our Wool directly to the consumers, thereby saving to the Grower all intermediate profits.

The advantages to be derived from this system by the Growers, are apparent, without comment.

PLANEING MILL.

HAVING purchased the Planeing Mill in the Fourth Ward of the City of Milwaukee, we are prepared to furnish our customers with planed lumber of all descriptions, a good assortment of which will be kept constantly on hand.

We are also prepared and intend to do custom planeing with neatness and despatch, and take this method to inform the public that we have purchased the exclusive right to run the "Woodworth Planing Machines" in the City and County of Milwaukee, during the Congressional extension, ending Dec. 27th, 1856. All persons are hereby cautioned against infringing on said right, as all infringements will be legally noticed.

Redford Crown Glass.

THE subscribers would again beg leave to call the attention of those who contemplate building, to the Redford Crown Glass, an article well known, and extensively used in the Eastern cities, for its superior lustre and brilliancy of surface, as well as strength.

We should be pleased to show the samples we have, and to take orders to be filled, at the factory list price.

We would call attention to the annexed Extract from the Report of the Committee at the American Institute.
HENRY J. NAZRO & CO.

EXTRACT FROM THE REPORT OF THE COMMITTEE AT THE AMERICAN INSTITUTE.

"For richness of lustre and brilliancy of surface (as well as thickness and strength) the Redford Glass is the most beautiful article of the kind that has fallen under our notice, either domestic or of foreign production, and it affords a proud specimen of the skill and enterprize of American manufacturers."

The undersigned having seen the above described Glass in a great number of first class buildings, both public and private, accord fully with the foregoing estimate of its merits, and particularly recommend it to all persons who require a strong, durable, and brilliant article.

Mail Train, which reaches Rouse's Point at 3 o'clock p. m. Passengers have an hour to dine at the Station House, at Rouse's Point, where their baggage is taken directly from the Cars of the Ogdensburgh Railroad, to the boats or cars of the route they may select, without charge.

If bound for BOSTON, the passenger can take the cars of the
VERMONT CENTRAL RAILROAD,
At 4 p. m., sleep at Northfield, and arrive in Boston at noon the next day; or, can take the splendid steamers on Lake Champlain to Burlington, arriving at 6½ o'clock, p. m., where they take the cars of the
RUTLAND RAILROAD,
Sleeping at Rutland, and arriving in Boston at noon the next day. If bound for NEW YORK, will continue on the Lake Champlain steamers to Whitehall, where they will arrive in time to take the Morning Train of the
WHITEHALL, TROY AND ALBANY RAILROADS,
Arriving in NEW YORK by boats from either Troy or Albany. The SECOND BOAT, leaving Lewiston on the arrival of the Cars from Buffalo and Niagara Falls, reaches OGDENSBURGH in time for the 8 o'clock p. m. Express Train, which arrives at Rouse's Point a little after midnight. Passengers sleep at the Station House—breakfast next morning, at from 7 to half-past Eight o'clock A. M.—then, if bound for BOSTON, can take the Cars of the
VERMONT CENTRAL RAILROAD
At 9 o'clock A. M., passing through St. Albans, Montpelier, Northfield, Lebanon, Concord, Manchester and Lowell, and arrive in BOSTON the same evening. Or, take the Lake Champlain steamers at 8 a. m., arriving at Burlington at 11 p. m., take the Cars of the
RUTLAND RAILROAD,
Passing through Middlebury, Brandon, Rutland, Ludlow, Bellows Falls, Keene, Fitchburg, and Groton, to BOSTON, arriving the same evening. If destined for New York, the passengers will continue on the 9 a. m. steamer to Whitehall, take the
WHITEHALL, AND TROY OR ALBANY RAILROADS,
Arriving in time to take the Night Boats on the Hudson River at Troy or Albany and arrive the next morning at 4 a. m., at NEW YORK.

Passengers for Montreal, arriving at OGDENSBURGH, in the Morning Boat from the West, take the 10 o'clock a. m. Mail Train, Dine at Rouse's Point, take Lake Champlain steamers at 5 p. m., and arrive at MONTREAL the next morning at 9½ a. m., via
ST. JOHN'S RAILROAD.

Passengers arriving at Ogdensburgh in the Evening Boats from the west, will take the 8 o'clock p. m. Express Train, sleep at Rouse's Point, and leave after breakfast, in the 9 o'clock a. m. boat for St. John's, arriving in MONTREAL at 2 p. m. the same day.

OGDENSBURGH & ROUSE'S POINT.
CHANGE OF HOURS.

On and after Wednesday, September 3d, 1851, trains will run as follows:

Leave Ogdensburgh at 8 o'clock A. M., and
Arrive at Rouse's Point at 1 P. M.
Leave Ogdensburgh at 1.30 P. M., and
Arrive at Rouse's Point at 6.10 P. M.
Leave Rouse's Point at 9 A. M., and
Arrive at Ogdensburgh at 2.10 P. M.
Leave Rouse's Point at 3.20 P. M., and
Arrive at Ogdensburgh at 8.20 P. M.

At Ogdensburgh the trains connect with Steamers for Brockville, Kingston, Sackett's Harbor, Oswego, Toronto, Lewiston, Niagara, Hamilton, and the Upper Lakes; and at Rouse's Point, with steamers for St. Johns, Montreal, Plattsburgh, Burlington, Whitehall, Saratoga, Troy, Albany, and New York. At Rouse's Point, trains also connect with the trains of the Vermont Central Railroad, running through the heart of New England to Boston; and it connects, by means of steamers to Burlington, with the Rutland and Burlington Railroad, leading also through the New England States to Boston, and with the Champlain and St. Lawrence Railroad to Montreal.

This is the most desirable route for either pleasure or business travel, between New England and the Western States, and is the most expeditious route from Montreal to Western Canada.

THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.

Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.

The following are among the advantages offered by this Institution:—

The Guarantee of a large capital securely invested.

The peculiar Benefits secured by the principle of the Loan Department.

The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.

Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.

Part of the Capital is permanently and securely invested in the United States.

Wives may insure the lives of their husbands for their own and the benefit of their children.

The assent of the Society is not necessary to a transfer of the Policy.

For all practical purposes, this Agency is essentially an American Company, strengthened by a large bona fide Capital safely invested in London, equally available to American as to British policy holders. All losses are settled by the New York Board, and paid by Bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any disputes should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.

Medical Examiners fees are paid by the Society.

Mutual Life Insurance Company
OF
NEW YORK.
ACCUMULATED FUND $1,000,439.62!

THIS Company has an accumulated fund of $1,000,439.62 invested on Bonds and Mortgages in the cities of New York and Brooklyn, and the stocks of the State and City of New York, and of the United States.

STATEMENT OF AFFAIRS FOR THE YEAR ENDING JANUARY 31, 1850.

Nett Assets January 31, 1849, ... $742,663 14
Nett Receipts in 1849, ... 473,189 59
$1,215,852 50
Losses paid in 1849, ... $173,014 73
Other disbursements do 42,408 18

Nett Assets Jan. 31, 1850, ... $1,000,439 62
Whole number of Policies paid in 1849 1,755
Whole number of outstanding Policies 5,799

The Premium is paid in Cash annually, or may, if desired, be paid semi-annually, or quarterly by adding interest to the deferred payments. The CASH principle adopted by this Company, secures to the parties for whose protection insurance may be effected, the WHOLE of the benefits, without subjecting them to the heavy drawback of accumulated premium notes.

Persons may effect insurance upon their lives, or upon the lives of others. Married women can insure the lives of their husbands for THEIR OWN BENEFIT and for the protection of their children.

Pamphlets explanatory of the principles of Life Insurance, and the advantages it offers, may be had, with forms of application, and rates of premium, at the office of the Company, No. 35 Wall street, or from any of its Agents.

MILWAUKEE, WISCONSIN.
E. BUTTERFIELD
(Late Butterfield & Averell's.)

WOULD call the attention of the Public (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York, within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners, and I can assure my customers that the Liquors that I now offer, have not passed through second hands; on the contrary, I have all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.

I have marked my Goods very low, and have therefore adopted the
ONE PRICE SYSTEM,
and no deviation from the price first asked; giving those who are not judges of the article, an equal chance with those that are. Every cask will be marked with the price. My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders in New York on still more favorable terms than formerly.

Having been three years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS are complete, and my stock of LIQUORS comprises over 100 original Casks of the most approved brands of
Brandy, Gin, Rum, Wines, &c.
The following may be found among my stock:—
BRANDY.
Otard, Dupuy & Co.; Pinet, Castillon & Co.; James Hennessy; A. Signette; St. Vincent; United Proprietors; J. S. Dupuy, &c.
GIN.
Meader, Swan, Stag, Belle, Bell, Imperial, Wolf.
RUM.
Granada, St. Croix, Jamaica, New England.
WINES,
SHERRY.
Old Cortes, Gold, Pale.
PORT.
Bull's Blood, Pure Juice, Hart's, Harmon, Old London Dock, Burgundy, Spanish.
MADEIRA.
Old Brown, South Side, Blackburn's, Sicily Lisbon.
—ALSO—
Claret, Hock, Champaign, White, Red, Rhenish,
AND OTHER WINES.
London Porter, Scotch Ale, and every other article usually kept in a Liquor Store.
WHISKEY CONSTANTLY ON HAND.
Grateful for the liberal patronage extended to me while connected with the firm of Butterfield & Averell—I hope with the increased facilities I now possess, and by strict attention to the wants of my customers, to merit a continuance of the same.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repository of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some eighteen years since, and another one put up by Albert Rockwell, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty-eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

"I will furnish a machine equal to any offered by the pretending inventors, now in use, or to any offered by them, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
Philadelphia."
May 19, 1849.

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

WHIG PRIMARY MEETING.

THE Whig Electors of the Town of LAKE, are invited to meet at Cross's tavern on SATURDAY, 18th October, at 2 P. M. to choose three delegates to represent them in Senatorial Convention, and to attend to such other business as may be necessary.

BY ORDER OF THE COMMITTEE.

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, Tuesday Oct. 7.

We are laboring under the effect of excessive importation; and yet amid the sufferings and sacrifices occasioned thereby, a studious effort is made to mislead opinion from the chief cause of the difficulty. Our specie is going away, and the banks, alarmed at the drain, retrench their discounts abruptly and unsparingly. The country banks which live by circulation, and which have been filling the channels of circulation with all the paper they would bear, find themselves called upon constantly and rapidly for specie, and as this can only be obtained at a cost exceeding the profit of circulation, they curtail their issues—and from these and other cognate causes, at the moment money is most needed, there is least of it to be found.

The main difficulty lies in the Revenue laws.—They encourage excessive importations—and as the prices of the articles we *can* export are low, proceeds of sales will not pay for the foreign products with which our markets are glutted, and recourse must be had to that which has value everywhere—*Coin*. California, indeed, sends her monthly tribute—a million and a half arrived yesterday—but, although upon a balance of exports and imports of coin, it may be shown that we receive more than we send away, the exports are taken directly from the banks, where they constitute the basis of paper issues—and the imports only find their way slowly and by smaller sums into the vaults of those banks, to replace the treasure sent abroad. Hence the banks become timid, and when they show signs of alarm, community soon catches the same alarm. Confidence is shaken—and then the very measures taken under the fear of impending evil, precipitate the evil. We are just now in the midst of such a crisis—how long to last and with what consequences, it is by no means easy to conjecture. This, however, is sure—that business generally—although in some departments much extended—is sound: that our merchants and dealers are richer than ever before—and that no wide spread bankruptcy need be apprehended. But there is, and will continue to be, much individual suffering and loss, all which, or the greater portion of which, might have been avoided by a just and reasonable Tariff of duties, that should make it impossible, except at a great sacrifice, to flood our markets with iron from abroad, when our mines and forges are silent or all but silent—and when our manufacturers generally in all departments are suffering.

But it is not only on the score of money and business, that the existing revenue laws act most injuriously. The *ad valorem* system holds out a temptation to fraud and perjury to which poor human nature ought not to be exposed—to which, in my judgement, no Legislature has a moral right to expose its subjects.

A recent and very sad instance has come to light in which an importing bookseller and stationer, Mr. Herrick, a man of very large property, estimated at several hundred thousand dollars—a member of a church—has been tempted by this fatal law from his high eminence;—and within a week the Collector of this port has seized his warehouse and all its contents, filled with goods supposed to be imported in violation of law; and the unhappy man, it is said, has confessed his *guilt!*—for what can be more awful guilt than the deliberate perjury which he must have committed every time he made an entry at the custom house upon false valuations and declarations?—Can such an example as this fail to awaken the most torpid, to the enormity of a law, which thus sorely tries the virtue—the temptations of which could thus seduce a man of wealth—of high social and religious standing? Can a system which thus appeals to the sordid passions and prejudices of our nature—weak at best and fallible—be innocent even for those who establish it? Can the legislator who thus consents—in the prosecution of a theory—to lay traps for human frailty, and to tempt, into the gulf of perdition, his brethren and countrymen—feel himself quite clear of subornation of perjury?

But there is nothing more reckless and obdurate. They are "*modern philosophers*"—and "when you say that"—to borrow the language of that profound statesman and master of human nature, Burke—"when you say that, you express every thing that is ignoble, savage, and hard-hearted." One such instance should decide the repeal of the *ad valorem* system; and the instances are numberless, though few so fearful and so lamentable as that of Mr. Herrick, to which I am alluding.

We are rejoicing at the intelligence from California of the election of a Whig Governor in that fine Pacific State. It is meet that it should be so, for, but for Whig firmness and zeal, the curse of slavery would have been imposed upon that noble region, and with it the ineffaceable stain upon our American name, of having corrupted with this blight and crime, a new country, wholly exempt from it. Would that this Whig triumph might speedily be followed by a restoration of the reign of law, and that Vigilance Committees, and all other volunteer associations for the repression and punishment of crime, might be superseded by the steady, unflinching, but lawful and deliberate authority of competent Courts and Officers!

A CAUTION TO "MECHANICS!"

That eminently respectable and consistent champion of Hunkerism, the *Commercial Advertiser*, favored the public, yesterday, with a comparison of the claims of D. A. J. UPHAM and L. J. FARWELL for the office of Governor. The article is so characteristic of its source, and affords, at the same time, so striking a commentary upon the cheap professions of "democracy" with which the *Commercial* teems, that we would gladly publish it in full, did our space permit. As it is, we must content ourselves with furnishing our readers with one or two choice extracts, as "specimen bricks" of the whole. Here they are:

> It is claimed for Mr. FARWELL that he is a right down *clever fellow*—a good natured, good hearted, agreeable man, and one who is well liked in his neighborhood. These are all clever things, it is true, to be said of the *abolition, Seward* candidate for the first office in Wisconsin, but could they not equally be applied to hundreds and thousands of our honest *farmers and mechanics*, who never yet *dreamed of their being possessed of the requisite qualifications for such a station?*
>
> * * * * *
>
> Where, how, and when did Mr. Farwell become qualified for such an office? Did he ever serve in the Legislature? Has he ever been in the public councils of the State, or Territory, or held any place of confidence or trust among us? Who is he, and where has he been educated? It is said he was originally a *mechanic*, and is, consequently, entitled to great credit for having *made himself*.—This is all honorable, highly so—no one will attempt to controvert it. We have good mechanics, and hosts of them, among us, men of intelligence and worth, and some of whom are well educated, capable men, men of genius, capacity and talents, *but how many are there of that class who have ever yet aspired to the office of Governor of Wisconsin, or pretended that they had the requisite talents, experience or qualifications for such an office.*

There's a touch of genuine "democracy" for you! Mr. FARWELL, says the patronizing *Commercial*, is very well in his way; an honest man, an excellent neighbor, the architect of his own fortunes; but after all, inquires this toplofical print, "*who is he and where has he been educated?*" Why he is nothing but a "MECHANIC," and self-made at that; no better than "hosts" of other mechanics in this State, and "how many of them," triumphantly asks this organ of "Democracy," "ever *aspired* to the office of Governor," or even "*pretended* that they had the requisite talents, experience or qualifications for such an office?" MECHANICS OF WISCONSIN! What have you to say to this impudent query? What think you of the "democracy" which sneers at your aspirations and denies your claims to hold offices of honor and trust among your fellow-men? How do you like this new rule for testing a candidate's qualifications? What have you to urge in answer to the exceedingly sound and indisputably "democratic" objections of the *Commercial* to LEONARD J. FARWELL, that he is a Mechanic, self-educated and self-made, without "experience" in office, and therefore unfit to "*aspire*" to any such distinguished post as Governor of Wisconsin? What business have you, or any of your "class," to *dream* of "being possessed of the requisite qualifications for such a station?" SHOEMAKER, stick to your last! CARPENTER, hold on to your plane! MASON, content yourself with your trowel! MECHANIC, stay in your shop! It is not for *you*, to "aspire" to official stations. It is not for *you*, to "pretend to the requisite talents, and experience for office." It is not for *you*, to "*dream*" even of being possessed of these qualifications. Such is the *dictum* of the High Priest of "*Democracy;*" such the official declaration of the Party organ.—Let the MECHANICS and WORKING-MEN of Wisconsin make their answer at the Polls! Let them teach these office-monopolizers that they hold no Patent Right to *any* station in the gift of the People; that, in the judgment of the electors of this State,

> "The *rank* is but the guinea stamp,
> The MAN's the *gold*, for a' that;"

and that no better "claims" to their favor, or to public station can be preferred, than those of a self-educated, self-made, upright, intelligent and enterprising man like LEONARD J. FARWELL, let his OCCUPATION be what it may!

ORGANIZE!

In *three weeks* from to-day, our State election is to be held. The brief time that intervenes should be industriously employed. We have a ticket in the field which will receive the *undivided* support of the Whigs of the State, and the good wishes, if not the active aid, of hundreds of democrats. We have a Platform which every Whig may be proud to occupy and against which our opponents have nothing to urge. We go into the field, and shall contend through the fight, for the best interests of Wisconsin; for a sound Banking system; a vigorous prosecution of the Public Works; a faithful management of the School Fund; a reduction of State Expenditures and State Taxes. With a cause and candidates that commend *themselves* to the confidence and support of the People, effort and ORGANIZATION are alone wanting to ensure *success*. We urge upon our WHIG friends, therefore, in every Town and County of the State, to address themselves promptly and industriously to the work of ORGANIZATION. Take measures, at once, to canvass your Districts and to ensure a full turn-out of the Voters on Election Day. Nominate strong and reliable men as Candidates for the Legislature. Have your Challengers and Ticket-Distributors selected in advance. See that Ballots are printed and ready for use *in season*. In short, ORGANIZE and ARM for the contest! A hearty, united, determined effort *redeems the State!*

Still Mum!

The *Commercial* professes itself entirely satisfied with our statement of Mr. FARWELL's position, but nevertheless declines to answer any questions as to the Don's whereabouts. We have charged, and we repeat, that Mr. UPHAM, the Democratic candidate for Governor, is *on record* as opposed to *all Banks and all Bank paper under $20*, in this State; that he is favorably inclined, if not openly a friend to Land Limitation; that he is hostile to the Protection of American Industry, and that he is the nominee of that party which has made the Fox and Wisconsin Improvement "*a complete failure!*" We have called upon the *Commercial*, upon Mr. UPHAM, upon any and all of his friends, to deny or disprove these facts, if they could. But *not a word* can we extract from them. Their game is to keep MUM on all the questions at issue. They trust to the magic of "regular nominations" and to the *name* of "democracy." Will THE PEOPLE suffer this trick to win? Will they, when interests of such magnitude are are at stake, commit the keeping of those interests to doubtful friends or open enemies?

THE TREASURER'S REPORT.—The *Sentinel*, yesterday morning, after noticing the able Report of Mr. SEAVER, City Treasurer, says:

"P. S.—It will be seen that the Board declined publishing the Report."

What a pity that this "People's Whig retrenchment and Reform" Board should have refused to order another forty or fifty dollar advertising job for the *Sentinel, &c.*—*Wisconsin* of Saturday.

This is a peculiarly *Wisconsin-ish* view of the question. It had not occurred to us that the publication of this Report necessarily involved "a forty or fifty dollar job for the *Sentinel*." But our neighbor's keener scent discovered the game and he "gives tongue" at once. We think the Report should be published, not for the benefit of the *Sentinel*, but for the information of the Tax-Payers. And we take leave to doubt whether the *Wisconsin*, with all its affected horror of so extravagant a "job," would decline to publish or forget to charge for it, if the Board should direct the publication in that paper.

HUDSON R. R. RAILROAD—TUNNELS.—There are eight tunnels on the line of this road, with an aggregate length of 3,595 feet, as follows:

Oscawana or Peg's Island	223	feet.
Abbott's Point, (bridge tunnel)	100	"
Flat Rock	70	"
Anthony's Nose	400	"
Garrison's at Phillips' Hill	900	"
Breakneck Hill	400	"
New Hamburg	1,400	"
Milton Ferry	100	"

☞ By an error of the types, a paragraph, complimentary to Col. HUGHES, the Whig candidate for Lieut. Governor, which we copied from the Madison *Express*, was credited to the Madison *Argus*. We don't suppose that our friends of the *Argus* care to assume the responsibility for it.

A Singular Proceeding.

It seems hardly credible that the Grand Jury, sitting upon the case of the recent riot at Christiana, in Pennsylvania, have indicted a colored preacher, named Williams, for *treason*; his offence consisting in going some distance to inform the Fugitive Slaves at that place that the authorities were in pursuit of them. Yet so the telegraph reports, and thus far, we have seen no other accusation brought against him. We very much doubt whether the crime of the participators in the unlawful and unfortunate riot at Christiana can be dignified by the name of treason at all, and if it can, so far as this man is concerned, his indictment seems to be a solemn farce. There is much force in the remarks which we quote below from the Albany *Evening Journal*:

> That "Colored Preacher" obeyed an impulse for which he can, and if needs be will, go to the Dungeon or the Gallows rejoicing. To withhold that information from those who were "flesh of his flesh and bone of his bone," would have been an offence against the laws of nature and humanity. There is not a law upon any statute book, that, either in letter or spirit, makes the act with which that "Colored Preacher" is charged, a CRIME. But a high Judicial Tribunal has had him indicted for Treason! Before sentence can pass against him, there must be a Trial—a Trial, God be praised, by JURY.
>
> As to the other prisoners, whatever penalties they may be liable to for their resistance to a law of the land, it does seem to us a strange proceeding which would try them for treason under the Constitution of the United States, which thus defines that crime:
>
> Treason against the United States shall consist only in levying war against them, or adhering to their enemies giving them aid and comfort.

THE IMPROVEMENT A "FAILURE."

The Fox and Wisconsin Improvement, in the prosecution of which a very large sum of money has been expended by the State, is pronounced by the Oshkosh *Telegraph*, a democratic organ, published in the immediate vicinity of the work, "*a complete failure!*" This will be ill-tidings, not only to the counties more directly interested in the Improvement, but to the whole State. Nor will the fact be rendered any more palatable to the People when they come to learn that this failure is attributable, not to the intrinsic difficulties of the work, but to the faithlessness and incapacity of those who have been entrusted with its prosecution. The *Telegraph* holds the following explicit language on the subject:

> "The whole force of the Improvement has been *nothing but plunder upon the State*. We can scarcely point to a man who has not *played false to its interests*. Even our Representatives in Congress have openly and secretly trifled with its rights at their hands, and when such men, entrusted with those high responsibilities treat them thus, what can we expect?"

The Fox River *Times*, another democratic witness, speaking for *its* end of the mis-called "Improvement," says that all that has been done there yet is but "*child's play*," and this, too, tho' the Canal at the Portage must have cost some SIXTY OR SEVENTY THOUSAND DOLLARS. Between the "*plunder*" and the "*child's play*," the Fund has been squandered, the work at several points abandoned, and the whole Improvement set down as a *dead failure!*

Not one word of all this was even so much as hinted at in the proceedings of the Hunker State Convention. No syllable of censure against the waste, mismanagement and corruption, which have characterized the work, is to be found in the Hunker Press. They know full well that an exposure of these iniquities would bring discredit, if not defeat upon the party. Their aim therefore is, *to hush the matter up* before Election and if, as they hope, they succeed in getting an Executive and Legislature to their mind, to *patch it up* privately afterwards. Should the spurious "democracy" carry the day in the approaching contest, the People will never know who shared the "*plunder*" of the Improvement Fund, or whose "*child's play*" cost the State near *Seventy Thousand Dollars*. If these iniquities are ever to be probed and laid bare to the public eye, and the prosecution of the Improvement confided to trusty and competent hands, it must through the Agency of a WHIG Legislature and State Officers. Friends of the Fox and Wisconsin Improvement! Bear this in mind when you come to the Polls in November.

ONE OF THE WHIGS.—JAMES HAGAN has been nominated by the Whigs of the 1st Louisiana Congressional district, at their late convention.—Mr. HAGAN was introduced to the Convention, and in language of fervent gratitude expressed his deep obligation to the Convention for the honor that had been conferred on him. He was informed, he said, by the *Orleanian*, that the only objection to him was that *he was an Irishman*. If that was all his democratic fellow-citizens had to say against him he felt confident that the less they said about him on that score the better for themselves. He came to this country a child, he was an American in feeling, in interest and in his heart, and if elected to the body for which he was a candidate, would do his best to uphold the honor of the American nation and advance its prosperity. As to the Compromise measures, he was a Union man from A. to Z. Disunion he looked upon as an obsolete idea; and thought that any man who would advocate such treason, whether he were a native or adopted citizen, should be hung up on the most convenient tree.

THE GERMAN CONVENTION.—We publish in another column, the proceedings of the recent German Convention, held in this place. The resolution endorsing the Democratic State Ticket was carried by acclamation.—*Watertown Register.*

And this in the face and eyes of their own professions. They first resolved that they upheld the "democracy" embodied in the "platforms" of the Loco Foco State Conventions "down to 1849" —intimating, of course, as plainly as could be, that they *did'nt* believe in the sort of "democracy" prescribed by the Convention of 1851. They then resolved that they would support the Hunker nominees for State Officers, who all conformed to the *new faith*, as "democrats" after their own standard! Of course, if they are sincere in their principles, they are insincere in the support of these men. Or, if they go for men, without regard to principles, they wasted a great deal of time and breath in setting up a Platform which they don't intend to occupy.

GEORGIA ELECTION.—We expressed the opinion long since, that if ever the vote was taken in Georgia, the Massachusetts of the South, on the question of Union or Disunion, the country would see in what a miserable minority the gallant Union men of that State would place their opponents.—The result has justified our expectations—even surpassed them. In a full vote, the Union candidate for Governor has nearly 20,000 majority! The Legislature is more than three fourths Union, and six certainly, and probably seven, of the candidates for Congress are of the same patriotic faith. The Congressmen elect are as follows—the Secessionists marked with an asterisk, and the result in the 3d district uncertain;

Dist.	*Dist.*
1—J. W. Jackson.*	5—E. W. Chastain.
2—James Johnson.	6—Junius Hillyer.
3—David J. Bailey.*	7—A. H. Stephens.
4—Charles Murphy.	8—Robert Toombs.

The hardy mountaineers who dwell in sight of Mt. Yonah and Tallulah—the thrifty settlers in the Western Cherokee counties—the inhabitants of the sandy plains and of the sea shore, have all come up to the work of pointing a moral for the South Carolina hot-heads.

We "shall enter upon no encomium upon" GEORGIA. THERE SHE STANDS!

THANKSGIVING.—The Governor of Massachusetts has appointed the 27th of November, as the day for Thanksgiving.

The *Post* says that there is an understanding among all the Governors of the Union to appoint that day for this festival.

PACIFIC RAILROAD.—The people of St. Louis voted on the 8th instant to have the city subscribe $100,000 in addition to the former loan of $250,000, for the Pacific Railroad. The majority was 1485.

JEFFERSON COUNTY.—The official vote of Jefferson County at the recent Judicial election, is published in the last Watertown *Register*. It stood 732 for FINCH, 692 for HUBBELL; majority for FINCH 40.

THE MURDER AT A BALL IN SPAIN.

A private letter from a friend at San Sebastian, gives the following additional particulars relative to the assassination of Miss Brunet, at a public ball, in the theatre of that town:—

Now that the festivities are over, the only subject of conversation is the wretched young man who poinarded Maria Brunet. He is in custody in the fortress of the town. Those who have been acquainted with him speak favorably of his previous conduct. There is no doubt of jealousy being the cause of the crime.

It appears he had been attached to the young lady, and, no doubt, he considered he was slighted by her, or supplanted. On the night of the ball he considered there was no doubt of the fact. He became exasperated, and committed the crime while his victim was in the act of dancing a polka. He stabbed her twice in the back. The first blow grazed the skin, but the second passed through the heart. Her death was instantaneous.

The act was so sudden that her partner did not perceive it until she fell at his feet. You may easily judge of the confusion and the horror which is excited. The doors of the saloon were at once closed, lest the assassin should escape. There was no necessity, however, for these precautions for he presented himself at once, and told the persons to give themselves no trouble; that he and he only, was the person who committed the crime.

You will not be astonished that almost all the ladies who were near the victim fainted. The son of the French Consul had presence of mind enough to draw the poinard from the body, but the moment he did so he fell also senseless. The mother of the young lady uttered the most frantic shriek and made desperate efforts to get sight of her child. She was kept from doing so by her friends and was taken home by force, while the bleeding body of the victim was deposited in an apartment close to the ball room, for the inspection of the magistrate. The funeral took place on Sunday.

The assassin is a young officer of engineers. It is said that some of his friends wished to furnish him with the means of destroying himself by his own hand, to escape a death of infamy. He has refused, in order, as he says to die the death of a Christian; that his life does not belong to him; that he has taken that of another, and that he will leave his at the disposal of Heaven and of the judges. He expresses an earnest desire that his condemnation shall take place as soon as possible, and says that his sufferings are intense, and that he is weary of life. He continues to wear the shirt studs which the young lady had presented him. He often tears them from his bosom, kisses them, and utters the most frantic expressions of sorrow and remorse. He has refused food of any kind, except coarse bread and water, and even this in the smallest quantity.

The two or three first days he was not permitted to communicate with any one. He is now allowed to see some of his brother officers, and those who have been with him come away weeping. He is only twenty four years old. His brother officers and chief are doing all they can to have his life saved. At all events his mind is gone. He has continually before him his victim, with whom he fancies he talks, and his complaints and his moans bring tears from the eyes of all who hear him. The hand of death is upon him. If he die not by the hand of the executioner he will die of grief before long. He was an only child. His mother had followed him in all his changes of garrison except the present. She idolized him; and all accounts agree that he was an excellent son. What a destiny!—*Boston Traveler.*

THE FIRE ANNIHILATOR.—The following communication, which we find in the New York *Tribune*, explains the delay in the manufacture of these fire-extinguishing machines:

P. T. Barnum, Esq., General Manager of Phillips' Fire Annihilator Co.

Dear Sir:—

In reply to your note of inquiry as to the delay which has attended the commencement of the manufacture of the Annihilators ordered of us, we have to state that it has been occasioned by the necessity of having iron rolled expressly for the purpose. After trial of the best iron to be had in this city or Philadelphia, we could not find any of the quality which these machines require. We are beginning to receive the iron ordered, and as we are making extensive preparations for their manufacture, we shall soon be able to deliver them in large numbers.

Yours respectfully,
STILLMAN, ALLEN & CO.

Novelty Works, N. Y., Oct. 6.

N. Y. Tribune.

This delay will probably prevent a trial of the machines here, as early as the 25th instant; but the Agent, Mr. BAKER, assures us that they will be brought on as soon as possible and that he is perfectly willing to let the Annihilators speak for themselves. Mr. BAKER's office for the sale of these machines, is *now* open at 175 East Water street, first floor.

UNION SAFETY COMMITTEE.—The following is the pledge which the members of the Union Safety Committee in New York, have recently made public:

New York, Sept. 18.

We, the undersigned, do pledge ourselves, that at the ensuing election, to take place in this State, on the 4th day of November next, we will in voting, faithfully and fairly carry out the 8th Resolution of the Union Meeting at Castle Garden, held on the 30th of October last, which Resolution is in the following words:

8. *Resolved*, That, in the opinion of this meeting, a further agitation of the slavery question in Congress would be fraught with incalculable danger to our Union—that we will support no candidate at the ensuing, or any other election, for State Officers or for Members of Congress, or of the Legislature, who is known or believed to be hostile to the peace measures, recently adopted by Congress, or any of them, or in favor of reopening the question involved in them for renewed agitation.

HUDSON RIVER RAIL-ROAD.—A grand Jubilee took place at Albany on Wednesday last, in honor of the completion of the Hudson River Rail-Road from New York to Albany. Two extensive trains, filled with guests, left New York at half past 7 A. M. and reached Albany at a quarter past 11; three hours and three quarters. A handsome collation was provided for a thousand persons, and was duly enjoyed. The returning train, with the New York guests, ran from Albany to Poughkeepsie, 75 miles, in one hour and forty-eight minutes, and to New York, 150 miles, in *three hours and twenty-eight minutes*—the best time yet in America! The cost of the road complete, was $6,666,681.

ABOLITION NOMINATIONS.—The Abolitionist party were in session in Syracuse on the day of the late Fugitive Slave riot. They made the following nominations:

Judge of the Court of Appeals—William Goodell, of Ontario.
Comptroller—Lindley M. Moore, of Monroe.
Secretary of State—John Thomas, of Onondaga.
State Treasurer—Charles D. Miller, of Madison.
Attorney General—George W. Jonson, of Erie.
State Engineer—M. D. Blaney, of Tioga.
Canal Commissioner—J. C. Harrington, of Oswego.
State Prison Inspector—Hugh Smith, of Jefferson.

WISCONSIN FOR CASS AND FOOTE.—The Wisconsin Presidential aspirants, Messrs. Walker and Dodge, have been overslaughed in their own State. The five Locofoco delegates appointed to the National Convention are all for Cass for President, and Foote for Vice. So say Wisconsin papers.—*Cleveland Herald.*

This is not quite accurate. According to the "givings-out" of the *Commercial*, the Delegates from this State intend to vote for Gen. DODGE on the *first* ballot. But their substantial support will be given, no doubt, to Gen. Cass.

YANKEE SHIPBUILDING.—The New Orleans *Picayune* gives a list of 22 ships, owned all along shore from Philadelphia to Thomaston, in Maine, which have taken from the former port in the last year 78,000 bales of cotton, or an average of 3,600 bales. Nineteen of them were built during the year. The *Picayune* says "our Yankee friends build ships faster than we can grow cotton to load them."

OHIO AND PENNSYLVANIA.—These two great States, the second and third in rank in our confederacy, hold their elections for Governor, Legislature and some other officers, *this* day. In both of them, a very animated canvass has been carried on, and a full vote will probably be polled. They have gone heavily against the whigs for the past two years, but will now, we think, show a decided political improvement.

THE MARCH OF IMPROVEMENT.—The Western *Star* congratulates the citizens of Elkhorn, Walworth Country, upon the completion of the Plank Roads from Milwaukee and Racine to that point, and of a Telegraph Line from Racine.

SOUTHERN MICHIGAN RAIL ROAD.—This road was completed, and the first train of cars run to South Bend, Indiana, on Saturday week. The event was celebrated by the citizens of South Bend with bonfires, illuminations and other demonstrations of delight.

DINNER TO COMMODORE STEVENS.

The New York Yacht Club gave Com. Stevens a Dinner at the Astor House on Wednesday, Oct. 1st in honor of the triumph of American Naval Architecture. Among the invited Guests were Com. Perry, Com. Kearney, President Chas. King, Dr. Kane, (who had just returned from the Grinnel Exploring Expedition,) and Capt. Comstock, of the Steamer Baltic. J. Prescott Hall Presided. Speeches were made by the President (Mr. Hall,) Com. Stevens, Gen. Webb and President King.—We give the felicitous remarks of the latter gentleman, (called out by Gen. Webb,) who with equal propriety adorns a College and graces a Festival:—

As the President of the College he said he felt the compliment to the Institution—a compliment which, aside of the President, was grateful in associating letters with the practical triumphs of daily life—thus adding grace and refinement to them, while the association benefitted letters in turn by showing that they were not confined to the cloister, nor unobservant of, or unsympathising with, every day life.

But on this occasion Columbia College had a special interest, for your honorable guests, Mr. President—are our own boys—they are sons of Columbia—and there the one, the Commodore, learned—for we teach such things—the science of navigation and of ship building—and the other, his fluent speech and ready knowledge. Sir, your Commodore was graduated A. B. from our College, and those magic letters may now typify alike *Bachelor of Arts, as well as Accomplished Boatman*. And not they only, but their fathers before them, were of Columbia College. It was from its walls that the young ALEXANDER HAMILTON went forth at the commencement of the Revolution to stir up the hearts of our people to the maintenance of their rights, and so successful was he, that the excellent President of that day—an honest adherent of Royalty—became so much alarmed at the popular demonstrations that he fled in haste from the College without Academic gown or cap, and it is said without even more essential garments—to take refuge on board of a King's ship in the roads. This by the bye, is a rather impolitic story for the President of a College to tell—who should seem above the reach or influence of tumult stirred up by his scholars—but such is the truth of history.

So, too, beneath our Academic groves JOHN STEVENS meditated the various and most ingenious conjectures in mechanical science, which enabled him before any steam locomotive existed, to perfect in his own mind, a system of railways worked by steam—and finally to realize this system in the Camden and Amboy Railroad.

As an American citizen, I am glad to be here and to witness the honor paid to those, who, in sportive mood, indeed, and in all the courtesy and high bearing of the gallant knights of old, have struck a blow, of which the consequences, and the benefits, and the renown are national. For this victory of the American yacht in the narrow seas—*mare nostrum*—the peculiar domain of England, is a national event. It rejoiced me as did the first victory of the Constitution; that broke a charm which the lapse of ages had consecrated; this, in friendly rivalry shows that our progress—as children of the sea and born for its—if not dominion—at least unchallenged use—is ever onward.

But I must not leave the topic without adding that defeat was never more frankly and courteously acknowledged than by our English competitors. We rejoice in claiming kindred with a race thus magnanimous and fair, and long, very long, be it before any other than such friendly rivalry and courteous competition shall prevail between us.—I ask to give as a toast:

Our Modern Argonauts—They have brought home, not the golden fleece, but that which gold cannot buy—National renown.

Here was another explosion of enthusiasm, and the toast was cheered to the echo.

The Faces and Phases of Locofocoism.

The Chameleon hues locofocoism is putting on, preparatory to the Presidential contest, are intended, like scattering shot, to hit the most birds. In Massachusetts, that party loses its identity in the slough of free soilism—in New York, it buckles on its back Anti-canal enlargement, and indulges in *coquetrie* with Anti Renters, free soilers and Old Hunkers—in Ohio, under the redoubtable lead of Senator Chase, it again assumes the free soil hue and wages fierce battle on the "Reserve" rights of that interesting faction—Michigan presents an anti Harbor improvement face, while the faithful in Wisconsin and Illinois, in the full hope of immortality achieved by the Old Hickory over the U. S. Bank, insist in making Locofocoism do service in the front ranks of an anti Bank onslaught. Locofocoism, under the influence of a Southern sun, becomes more ardent as it approaches warmer latitudes. Accordingly, we find it brooding over secession in Mississippi; Gen Foote announcing from the stump that the Whig party was the only reliance for the friends of the Union in that quarter—rallying its forces under the same banner in Georgia, and drawing orders on the Tredegar Iron works in Virginia, for cannon to defend its "Banner State" from the attacks of the U. S. Government!—*Chicago Jour.*

From the Prairie Herald.

Beloit, Sept. 13, 1851.

Messrs. Editors:—The Beloit District Convention in session at Whitewater on the 10th inst., passed the following resolutions relative to the Fugitive Slave Law, and directed me to send them to you for publication.

Resolved, 1. That the revealed will of the Supreme Law-Giver, should be recognized as superior to and above any human constitution or law.

2. That human governments are ordained of God and should give expression to his will; but when they conflict with the Divine Legislations, God is to be obeyed rather than men.

3. That the act of Congress at its last session, known as the "Fugitive Slave Law," manifestly contravenes the law of God and is at war with the spirit of the gospel, commanding us "to do unto others as we would that they should do unto us."

4. That the law given in Deut. 23: 15-16, "Thou shalt not deliver unto his master the servant that is escaped from his master," is founded upon the great moral law of love to all mankind, is of perpetual obligation, and that we pledge obedience to it, even at the risk of all human penalties.

D. CLARY, S'pd C'pk.

A SPECK OF WAR IN THE EAST.—A speck of war is beginning to rise in Eastern Asia, in the vicinity of Persia. The Origin of the contention is the occupation of Herat, the King of which is just deceased. Dost Mohammed is one competitor, Russia another, and Persia another. The Persian government has sent an ambassador extraordinary to England on the subject, who has just arrived. By the last accounts the Russians had marched a force of 5000 men upon Astarabad, and had seized upon the city, from whence they were on the march in a direct line to Herat, the country in dispute. In 1838 there was a war in the same region, in which Dost Mohammed, the Russians, Persians, and the English were all mixed up. On that occasion it cost the English twenty millions of money, and thousands of lives, in the celebrated expedition of Lord Auckland to Affghanistan, in order to keep out Russia, and put the native prince on the throne of Herat.

Extraordinary Scene in Court.

Charleston, Oct. 6.

The Tuscaloosa (Ala) Monitor of October the 2d, states that John Kirby, an old and respected citizen, was shot in the Court House there, on the 30 ult. Kirby had indicted Frederick P. Hall for wounding him in April, and during the proceedings a quarrel ensued. Kirby drew a pistol, which a bystander named Whitfield attempted to take from him, and in the struggle it went off, passing through Kirby's thigh, and causing almost instant death. The ball also penetrated Whitfield's leg, but not seriously. Kirby's son, supposing that Hall shot his father, fired at him, but missed and hit a juryman in the leg. The Judge ordered the Sheriff to arrest Hall, when he surrendered and delivered up his pistol loaded.

SAD ACCIDENT.—On Friday night last, as the Omnibus of the City Hotel was coming up from the Pier, a couple of dogs got to fighting and ran under the legs of the Horses which frightened them and they started on the full gallop. Two sons of Mr. Joseph White were on the box driving, and were not able to control the horses which ran for the City Hotel yard, where, in turning a corner, they struck the carriage and threw the boys off, hurting them very severely. The horses continued to run through the yard turning corners and striking the coach till it was literally stove all to pieces. The boys, we learn, are doing well considering the bruises they got.—*Kenosha Telegraph.*

BRICKLAYING SPEED.—The Maysville (Ky.) *Post-boy* states that a trial of skill between two bricklayers came off at Columbus lately, on a wager of one hundred dollars. The competitors were H. W. Lewis, of Cincinnati, and Edwin Hall, of Columbus. The latter gave up after working two hours and a half, in which time he laid two thousand three hundred and sixty brick, while Lewis had laid two thousand five hundred and twenty—beating his competitor *one hundred and sixty brick.*

IMPORTATION OF RIPE PEACHES FROM NEW YORK.—It is well known that the United States produce immense quantities of that most delicious fruit, the peach, and, so far as we have heard, none have ever been brought into this country. A gentleman on board the *Africa* has, however, made the attempt, and, with some care, has succeeded in bringing them in a perfect state. He has brought them as a present to the family and friends of a gentleman farmer of this city, who may therefore claim to be the first importer of ripe peaches from the United States to England.—*Liverpool Mercury.*

Richmond, Oct. 7.

The call for a National Democratic Convention, which was published a short time ago, is pronounced a fraud by the Editor of the Whig, one of the reported signers.

City Matters.

EXTRA FINE FLOUR.—Mr. SANDERSON gave us yesterday a specimen of Flour manufactured by STRASBERGER & Co., of the Premium Mills, Janesville, which for color and quality, will compare favorably with the best fancy brands in the Eastern Markets. It was made out of this year's Winter Wheat, and shows that with *good* Wheat, such as they can get this year, our Wisconsin Millers can turn out an article of Flour equal to any New York or Ohio samples. Mr. SANDERSON is the Agent for the sale of the Premium Mills Flour, in this city.

AMERICAN EXPRESS CO.—This Company continues to do a splendid business, and pushes goods and packages along with safety and despatch.—Its agents are thorough, energetic business men, and their efforts to please the public are appreciated. If it were not that the agent in this city desires to keep his name out of the papers, we should say that the Company has no more active and obliging one in all the range of its extensive business. As it is, we shall say nothing about it.

WINES AND LIQUORS.—In the "noise and confusion" incident to preparing on Saturday to be up and dressed on Monday morning, we omitted to call attention to WEBSTER & AVERELL's advertisement of their extensive and choice stock of wines and liquors. We are decidedly prejudiced against all use of the article except when absolutely necessary, but we are yet more prejudiced in favor of telling truth, and we believe it *is* true that the firm mentioned have earned the reputation of keeping good liquors.

REMOVAL.—Our friend CHAPMAN has removed his Store from No. 7 Michigan St., to No. 165 East Water St., lately occupied by Rufus Brown, where his many friends, and the public generally, will find him, with a large stock of staple books and stationery, printing materials, &c. Success to him!

DRY GOODS SALE.—WALL continues this morning the Mortgage Sale of Dry Goods, commenced on Saturday. We learn that something near $2000 worth were disposed of yesterday at prices which offer a great inducement to those who wish to fill up their stocks. Very large quantities of the goods yet remain.

OIL PAINTINGS.—Messrs. SEA & SHERMAN, at their Auction Room, No. 100 East Water Street, are now opening an extensive consignment of OIL PAINTINGS, with handsome gilt frames. They are about ready for inspection, and will be offered to the public without reserve, about the last of this week, or the first of next. They will well repay a visit.

CIRCUS.—Rockwell's Circus attracted a great crowd by its appearance in the street yesterday. There is another performance to-night.

OUT OF PLACE.—In the hurry of making up the advertisements of GRIDLEY & Co., and MACK, OETTINGER & Co., found their way into the wrong form. Our friends and their's will please take another look at them to-day.

COMMERCIAL.

THE MARKETS.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, October 14, 1851.

The market for the past week has been, all things considered, fair, and a large amount of produce has changed hands. Our merchants also have been sending out large quantities of goods into the country. The wholesale business is increasing largely, and will continue to increase, as country dealers find that they can fill up their assortment here at an advance over New York rates barely sufficient to cover transportation and expenses.

FLOUR.—But little coming in from the country—some 2000 barrels added by the mills to the stock on hand. Shipment of 800 barrels to Buffalo. Prices show no change from last week's rates, and no prospect from abroad yet of any advance. Millers cast seem to have been lying on their oars for a time, as we notice that a week since the stock of flour in Buffalo was getting low, while there were 600,000 bushels of wheat in store in that city.

WHEAT.—Receipts for the week reach about 15,000 bushels, and prices show a decline—the best winter scarce ever selling at over 53@54c, and large quantities selling at less. If millers had the slightest encouragement from the eastern and foreign markets, farmers might look for better prices, especially as the crop is of a greatly superior quality to that of last year. The season of harvest has been so much more propitious that there is scarcely any grown wheat, and good judges say that our market will not be afflicted with any flour of such inferior quality as has been too abundant the past season. Wheat this year is dry, and, of course, in vastly better condition for storing.

Sales for the week will average about 38c. for spring, and 52 for winter, the estimate being made on sales of some 5000 bu.

As to qualities of wheat, we have been furnished by an experienced buyer with the following rates paid for the qualities named; *Spring*—Black Sea 32@35, Hedgerow 37½@40c, Italian 37½@40, Canada club 50@55—the last variety being well worthy of the attention of our farmers as a very superior article. *Winter*—white 62½, common 45@5.

BARLEY—has been in demand for shipment, one cargo of 12,000 bu having cleared. Receipts were over 10000 bu. at rates from 35a50c, the latter price only for two or three loads of very choice. Considerable purchased at 45a47c.

OATS.—In demand at 17a18c—receipts moderate.

SALT—stock getting low. Considerable quantity in the hands of small dealers, who are selling off rapidly. One large lot is held firmly at 1.87½, without sales. A lot of 400 bbls coarse, received yesterday, is held at $2,00.

PORK—Little coming in yet—stock very much reduced and held high. Clear is held at 16,00a16,50, and mess at 15,50a16. Hogs per cwt are worth 4,00a4,50. We notice that large contracts are being made on the Mississippi at 4,00 per cwt. The good prices realized here last winter, and the favorable prospects for the coming season, will doubtless cause a heavy business to be done in pork.

BEEF.—Dealers have commenced work, and we anticipate a heavy business in beef packing. Messrs. T. & B. Rogers have completed their arrangements for putting up in marketable order all that they can purchase, and we invite the attention of stock fatters to this market as one which will pay them well. Prices stand at present at $3a3,75 ℔ cwt.

TREASURY DEPARTMENT, Oct. 2, 1851.

SIR—Questions having been submitted to this Department from several of the Collection Districts as to the classification under the Tariff Act of 1846, of "rough lasts," and "boards planed; or planed, tongued and grooved," I have to inform you that articles of this description are liable under schedule C of the Tariff to a duty of 30 per cent. advalorem, as provided for "manufactures of wood not otherwise provided for."

You will regulate the practice of your office accordingly.
Very respectfully, your ob't serv't,
THO'S CORWIN.

IN calling attention to Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla, we feel confident that we are doing a service to all who may be afflicted with Scrofulous and other disorders originating in hereditary taint or from impurity of the blood. We have known its uses within the sphere of our acquaintance where the most formidable distempers have been cured by the use of Dr. Guysott's Extract of Yellow Dock and Sarsaparilla alone.
It is one of the few advertised medicines that cannot be stigmatized with quackery; for the "Yellow Dock" and the "Sarsaparilla" are well known to be the most efficient (and at the same time innoxious) agents in the whole Materia Medica, and by far the best and purest preparation of them is Dr. Guysott's Yellow Dock and Sarsaparilla.

MILWAUKEE, - - - WISCONSIN.
THIS large Wholesale and Retail Establishment FOR THE SALE OF DRY GOODS, has probably distributed more Dry Goods this Spring and given greater satisfaction at the same time, than ever has been known or even attempted in the city of Milwaukee.
PERFECTLY INDEPENDENT
in itself, depending on neither Jobber, Commission Merchant or Importer, being designed for the public benefit as well as the support of the proprietors, under their management it has attained that popularity and favoritism, which is unknown to any other public or private establishment.
Through our connection with the large and influential Importing and Jobbing House of Messrs. Oettinger & Goldstein, in the city of New York, and the unfailing resources of the concern,
The Most Seasonable Goods,
THE BEST STYLES!
direct from the manufacturers, and the large auction sales in the city of New York, are always to be purchased at the lowest possible prices, and we can and will sell
Goods at least 25 per cent less
than the price asked at other stores.
LISTEN FOR ONE MOMENT
and you will have an example that will satisfy you:
50,000 yards French, Scotch and American Ginghams, for 1s. worth 2s.
10,000 yards Muslin de Laines and Cashmere d'Ecosse, very fine Goods, from 1s. to 2s, worth more than double.
French and English Merinoes, Bombazines, Plain and Figured Alpacas, Paramattas, Linen Poplins, and Lyonese Cloth will be offered so cheap, that they can be bought for common wear.
SILKS—Black, Chameleon, Striped and Plaid—of the best quality and newest designs, and exceedingly lustrous.
5000 Long and Square Bay State and Brochin SHAWLS, of all sizes and colors, at manufacturers prices.
Bonnets, Silks, Satins, Velvets, Ribbons, Flowers, Hosiery, Gloves, Trimmings, &c., at extraordinary low prices.
IN DOMESTIC GOODS,
THE NEW YORK CHEAP STORE
KNOWS NO OPPOSITION!
ADMITS NO RIVAL!
but can, will and does outsell and undersell any establishment wholesale or retail west of New York.
This is Strong Language,
but it is a happy fact that we can support it with an abundance of proof.
One Word More and we've Done;
However great the distance you may be from this concern, it will pay you to ride or walk to the
NEW YORK CHEAP STORE.

STILL AHEAD!
A big pile of Goods for a small pile of Money
LARGE! SPLENDID!!
ASTONISHING!!!
The supplies are to be weekly through the season, at
No. 11 SPRING STREET,
[THEIR OLD STAND.]
THERE is no use in trying to sell Dry Goods, Groceries, Crockery, Glassware, &c., cheaper than we can sell them—it can't be done, no how. The unparalleled and great success of this store, comes from the fact that it is the best place to buy
HONEST GOODS! STRONG GOODS!
Handsome, fast-colored, and fashionable, fresh from the looms of the manufacturers of every part of the world—Europe, Asia, Africa, and America; bought at a great sacrifice, and offered to the public at nearly their own price.
Untiring industry and long experience, enables us to offer most extraordinary temptations in every kind of
DRY GOODS,
Silks, Satins, Dress Goods, Cassimeres, Broadcloths, Linens, Sheetings, Shirtings and Domestics,
By the yard, bundle, bale, box, cart load, car load, or boat load, at prices lower than any other house in the United States.
FAMILY GROCERIES,
Choice and well selected; cheaper than the cheapest. "Low prices and entire satisfaction," is our motto, and we invite all to drive down and see for themselves, and partake of bargains.
N. B. Our recent arrival of Teas are pronounced to be entirely unequalled as to strength, flavor and cheapness; and our recent purchase of
CHINA, GLASS AND EARTHENWARE,
Will be found not inferior as to QUALITY, STYLE and PRICE, to any in the city—to which we invite the inspection of our patrons and the public.

DAILY SENTINEL.

ANOTHER MUSS AT OLD TAMMANY.—At the last meeting of the New York "hard-shell democracy," Mr. Wheeler, a delegate from the 15th Ward, presented resolutions strongly endorsing the Compromise and the Fugitive Slave Laws, and expressing the greatest disapprobation of certain of the state nominations. We copy below the last resolution:

Resolved, That we regret the action of the delegates at the late Syracuse Convention, inasmuch as they presented neither our principles nor our men; that the convention, by a decisive vote, refused to adopt a resolution pledging the democracy against the further agitation of slavery; and we also regret that it has nominated for Judge of the Court of Appeals, Alexander S. Johnson, an active supporter of Van Buren and Adams, in opposition to Lewis Cass and Wm. O. Butler, the regularly nominated candidates of the democracy of 1848; for the office of Treasurer, Benjamin Welch, Jr., editor of an abolition paper in this State; for Canal Commissioner, Horace Wheaton, who has always been identified with the slavery agitation, and through whose inefficiency, as the Mayor of Syracuse, the Marshal of the U.S. was maimed by an armed mob in resisting the execution of the laws of the U.S.; for Attorney General, Levi S. Chatfield, who, at the last election of State officers, wrote a letter endorsing the doctrines of the slavery agitation; and last, by the nomination for State Prison Inspector, of Henry Storms, who is a member of the persecuting Native American Order of United Americans, and was the Grand Marshal of their parades in this city; and that such a ticket does not deserve the support of the democracy of this city.

MR. WHEELER said, he should insist upon the resolutions being laid before the meeting, for adoption or rejection. If they were laid upon the table, he should look upon such action as a rejection of them and the sentiments they contained, and he would immediately appeal from the decision of this meeting to the masses of the democracy throughout the State of New York.

The resolutions were laid on the table, and Mr. Wheeler indignantly left the Hall.

JENNY LIND'S CONCERTS.—The Buffalo *Commercial* of Friday last has the following definite information in regard to these Concerts. We think it quite certain that the Nightingale will sing in Milwaukie within two or three weeks:

The Agent of JENNY LIND has secured the Washington-street Baptist Church and the citizens of Buffalo are to be favored with two Concerts, on the evenings of the 15th and 17th inst. The net proceeds of the first are to be devoted to the relief of the sufferers by the late fire. The tickets have been placed at $2, $3, and $4—higher than we had hoped, but that is none of our business.

From here JENNY LIND will go to Toronto, and then returning, will go as far west as Chicago, stopping at the principal towns. She will go as far south as Cincinnati, and return to New York about the middle of December—where she will give a series of Concerts on a most splendid scale.

A CORRESPONDENT.—The Detroit *Advertiser* has received a communication from somebody who signs himself *Eustaceus*, on the subject of commercial revulsions, &c. It was referred to the Phonographic Institute for interpretation.

TELERAPH ITEMS.

New Orleans, Oct. 6.

The steamship *Fanny*, with advices from Texas to the 1st inst., has arrived.

The revolution on the Rio Grande seems to be at a stand.

Gen. Carabajal still remains at Camargo. The people of that town had held a meeting at which it was resolved to accept the *pronunciamento*, issued by the revolutionists.

The Mexican troops surrendered, and were allowed to march out of the town with the honors of war. The revolutionists were determined to defend the place.

A report had reached Matamoras, that the insurgents were preparing to march upon that place. A large number of the inhabitants including all the women and children fled, having only 250 men in town.

Philadelphia, Oct. 6.

The U. S. Circuit Court have issued a special venire for 108 jurors to be drawn in Lancaster co., to try Elijah Lewis and 37 others for treason against the U. S. The trial is set down for the 4th Monday in October next.

Edward Yates, charged with abstracting a letter from the postoffice, and Wm. Slater, for counterfeiting U. S. coin, had their trial postponed to November next.

Northampton, Mass. Oct. 9.

Geo. M. Harvey, who has heretofore borne a good character, has been arrested and committed to jail, for passing counterfeit money—considerable quantities of which were found upon his person.

Mr. Zenas Cook, of Hadley, formerly sustaining a high character for integrity, has been detected in forgeries to the amount of several thousand dollars, and has absconded. The Northampton Bank is the principal sufferer.

Washington, Oct. 9.

The *Republic* takes strong grounds, apparently by authority, relative to the British interference in Cuban affairs, and says it will lead to a movement that all Europe cannot resist; that a majority of the American people do not want Cuba and her only protection is in the U. S. Government.

New York, Oct. 9.

We learn that a house extensively engaged in the linen trade has been detected in false swearing in the manufacture of false invoices, both as regards quantity and value, and that the amount of goods thus fraudulently obtained is very large.

The amount of gold received at the Mint in Philadelphia, during the first seven days in October was $150,000.

The citizens of St. Louis and its vicinity have decided upon a loan of $100,000 in addition to the State loan of $250,000, for the purpose of assisting in the completion of the Pacific Railroad.

Louisville, Oct. 7.

The Brooke Methodist Church, together with a stable and one or two frame buildings, were burned this evening, entailing a loss of $50,000.

Washington, Oct. 8.

The *Republic* says that Hon. Andrew Stevenson of Virginia has taken the Presidential track.

Montpelier, Oct. 7.

Lucius Clements, Mail Contractor, has been arrested, charged with extensive mail robberies—He is now lodged in the Jail at this place.

A WILD CAT.—A McNulty, Esq and Mr Chas. Bresler encountered and killed a wild cat, one day last week, about ten miles west of this place. They found him in a tree, crotched upon a limb, ready to spring upon them—the *brute*. The wild cat, in proportion to its size, is one of the most ferocious denizens of the forest. Taking this into consideration, the preservation of the worthy Post Master at Braunfels is a subject for congratulation.—*Manitowoc Her.*

AT A MEETING of the Common Council of the City of Milwaukee, held Thursday, October 9th, 1851, the following resolution was adopted:

RESOLVED, That the owners of lots on each side of Oneida street, commencing at Market street, or Water street, and extending to the lake shore, being the whole length of said street, are hereby directed and required to commence the laying down of their sidewalk within ten days from the passage of this resolution, and that the same shall be completed on or before the tenth of November next—said walk to be of oak or pine plank at least two inches thick, and six feet wide, laid on sleepers two inches thick and four inches wide, and spiked with four inch spike. Unless said walks are commenced within the time herein specified, and afterwards completed on or before the tenth day of November next, the Local Committee of the First Ward are empowered to cause said work to be done and charge the amount to the lots opposite said walks. Said walks to be graded and laid down in accordance with the grade of Oneida street as now graded.

VALUABLE REAL ESTATE AT AUCTION.

NOTICE IS HEREBY GIVEN, that the undersigned will sell at auction (unless previously sold at private sale) on Saturday, the first day of November next at ten o'clock A. M., at the American House in the city of Milwaukee, the following tract of land, viz:—The east half of the north east quarter of section eleven, town seven, north of range sixteen east; containing eighty acres. And the north west quarter of the south east quarter of section ten, town seven, north of range sixteen east; containing forty acres.

This land lies in the extreme part of Jefferson County, about thirty-five miles from Milwaukee, five from the village of Summit, three from Oconomowoc, and 3 or 4 from the plank road; in a rich and truly beautiful farming country. The first named tract is one of the most beautiful eighties in the State, lying high and dry; it is well timbered, has 27 acres neatly cleared and fenced, a small block house, and is bounded on the south end by the Oconomowoc River. The other tract is partly dry marsh, and partly timbered land, with about eight acres cleared, and has on it a small log house, and an excellent Saw Mill, with cast iron gearing, all nearly new, which cost $1,600. This mill is erected upon the Oconomowoc River, has a plenty of water all the year, and the same dammed ample to drive a good Flouring Mill in addition, which is greatly needed in that section.

These two tracts lie upon opposite sides of the Oconomowoc River, from one-fourth to one-half a mile apart, and to any one wishing a neat farm and a mill property near, this sale affords a rare chance. These two tracts will be sold either separate or together. Sale POSITIVE, so said auction, and terms made known at the time of sale. Persons disposed to purchase are especially requested to call and examine the property, and may bargain with Messrs. Spence, upon the premises, or with the undersigned at their office in the city of Milwaukee.

N. B. Title perfect and free from all incumbrance.

MILWAUKEE::::WISCONSIN.

FEELING encouraged by the liberal patronage extended to us during the past SIX YEARS, and appreciating the want in Wisconsin of an EXCLUSIVELY

DRY GOODS HOUSE,

where every article of DRY GOODS can be obtained, we have made arrangements for enlarging our business.

Possessing facilities for purchasing in the EASTERN MARKETS, that but few Western Jobbers have, and devoting ourselves

Exclusively to the Dy Goods Business,

we flatter ourselves that, with the long experience we have had in the State, we shall be enabled to exhibit to purchasers a larger and better

Stock of Dry Goods

than has ever been brought to Wisconsin.

We PLEDGE ourselves to those merchants who feel disposed to give us a call, that we will sell our Goods as low as the same styles can be bought in New York—adding transportation. We have now in store—

CHEAP CASH STORE!

THE attention of the public has already been called to that BEAUTIFUL STORE, corner of East Water and Michigan streets, known as the PHOENIX BUILDING, which magnificent apartment is now occupied by the undersigned, in order to keep pace with the times, and supply the many wants of his numerous customers, and is daily being filled with an immense stock of

Entirely New & Fashionable Cheap Goods,

Which, from his long experience in the trade, enables him to select with direct reference to the wants of his various customers. Having facilities at least equal to his competitors for purchasing Goods, he doubts not but that the QUALITY, STYLE and PRICE, coupled with unremitting exertions on his part, will enable him to SELL and gratify the wishes of adhering, as formerly, to the

One Price Cash System,

Relying rather upon LARGE SALES and SMALL PROFITS, than the old and present system of too many, whose motto is the reverse. Those who are in want of

CHEAP FALL & WINTER GOODS,

Are invited to look in at our NEW STORE, where it will be a pleasure for us to show them a beautiful assortment of New Goods, which cannot be excelled for

RICHNESS, BEAUTY & VARIETY.

AGENT FOR PITTSBURGH GLASS. oct4

PHILLIPS' UNITED STATES

Fire Annihilator Agency.

THE undersigned respectfully announces that he is the authorized Agent for the English Patentee for the disposal of PHILLIPS' FIRE ANNIHILATORS in the Counties of Milwaukee and Racine. His agency, based upon a certain proprietory interest in the Patent, will be conducted in connection with a company of operation, to be known as

"Phillips' United States Fire Annihilator Company."

Of which Hon. ELISHA WHITTLESEY, 1st Comptroller of the United States Treasury at Washington, is the President. Hon. JOHN M. CLAYTON, of Delaware is Counsel for the Company, and P. T. BARNUM, Esq. General Manager and Secretary.

The prices of Machines and of Charges, are as follows:

SIZE OF MACHINE	PRICE, INCLUDING ONE CHARGE	PRICE OF EACH EXTRA CHARGE
No. 1	$10	$1 25
No. 2	20	1 75
No. 3	25	2 50
No. 4	30	3 00
No. 5	35	3 50

☞ Freight from New York added to the above prices.

The machine can be made to order of any size, at proportionate prices.

No. 1, (the smallest size,) is valuable for extinguishing fires in chimneys and small apartments.

No. 2 is used with effect in larger buildings, and at the outset of a fire, and has the advantage of being the most portable of the sizes deemed available for houses.

Nos. 3, 4 and 5, are the Hand Machines of greater power. No. 3 can be carried by a lady. Nos. 4 and 5 can only be handled, to advantage, by a man, and are preferable for large establishments, as they may be effectually used for street fires.

In addition to the Hand Machine, there are Street or District Annihilators, mounted upon wheels, and intended to be drawn by firemen in the usual manner. These machines are possessed of continuous power, and will emit, through a hose, a stream of vapor upon a burning building for any desirable length of time.

The Portable Machines are so simple in construction that they are not liable to get out of order, and their application is so easy that any person may effectually use them. The chemical charges may be preserved any length of time.—These Machines furnish an infallible protection against the destructive consequences of fire, as they are always ready for instant use, and contain within themselves the means of extinguishing accidental fires, as soon as discovered.

THE FIRE ANNIHILATOR is made to evolve a humid vapor, and to emit it with great expansive force, so as to penetrate into, to search out, and extinguish the fire. But, while the vapor emitted is destructive to fire, it is innoxious to life, and even tends to purify an atmosphere charged with smoke; nor does it injure the furniture or goods which may have escaped the action of the fire. And in this capacity the machines constitute the best fire escape, and the means of rescuing property from the flames the world has ever known; even the smallest machine, inadequate to the extension of a large fire, will enable the bearer to enter the flames and rescue life and property with perfect impunity.

The merits and practical utility of the Patent Fire Annihilator have been thoroughly tested, and are acknowledged by the most eminently scientific men, and the machines have been, by command, supplied to the Royal Palaces of Queen Victoria. The Crystal Palace of the World's Fair, the mansions of the Nobility, the principal Manufactories of Great Britain and France, Theaters, Churches, and other public edifices, as well as Steamboats, Shipping, &c., now have them in constant use.

One of the great advantages of this invention, will be the immediate reduction it must occasion in the Rates of Insurance; and the underwriters will at once perceive that their profits must be greatly enhanced by the extraordinary diminution of destruction effected at every conflagration.

On the 13th instant a Register will be opened at the office of the Company in Milwaukee, (due notice through the Press will be given of its location) for the reception of subscriptions for machines, and every person will be served in regular rotation, according to priority of application.—When sent by mail, the application will bear date with the day of depositing in the Post Office. The price of the machines in all cases, to be paid at the time of subscribing, and seven per cent. interest will be allowed on any time (if any) that said money remains over 20 days before the order is supplied. In this arrangement, however, a priority will be given to all City Corporations, and proprietors of large manufactories, where great risk from fire exists, and where the premium required for insurance is high; also to theatres, hotels, and large steamers, where many human lives are jeopardized. Every machine will be stamped with the name of the company; and as the company are determined to accommodate the whole public, by supplying machines, of the most durable materials, and chemical charges of the most approved manufacture, at the above reasonable prices, they will prosecute, to the whole extent of the law, all attempts to imitate, counterfeit, or infringe on said patent, as well as every person who may purchase and use such infringements. All importers of Foreign Machines, or those having them in possession, will be prosecuted.

Each machine will be stamped with the name of the county or city for which they are sold, and they cannot be used in no other locality without a written permission from the Agency. Nor can any purchaser of a machine possess the right to sell the same in any other town, unless he has purchased the territory where said machine is to be used. Every purchaser of a machine will receive a certificate authorizing him to use the same in the town for which it is purchased.

The subscribers having, in connection with other members of the company, made the strictest investigation and experiments, and being perfectly convinced that this wonderful invention will accomplish all that is urged in its behalf, and thus become an indispensable article in every house, manufactory, ship, or other place where it is used or may be introduced, have accepted the above appointments, and are prepared to fulfill their duties to the public to the best of their ability.

TAKE NOTICE!
PATENT
BEDSTEAD.

THE undersigned now offers to the public a new article of Bedstead, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Beds are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used!

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW!

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads, within two years, and two in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massilon, O.; Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. H. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodeled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1.25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common sense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consists in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

TO MANUFACTURERS, MILLERS
Machinists, and Others,

PUTTING up or running Machinery, the **BOSTON BELTING COMPANY** offer for sale a full assortment of their unrivalled

Metallic or Vulcanized Rubber
BELTING,
Steam Engine PACKING, HYDRANT, CONDUCTING & ENGINE HOSE.

The superiority of the Belting to Leather is acknowledged by all who have used it, for the following reasons:

1.—The perfect equality of width, and thickness, which it will retain.

2.—No degree of heat under 300° Fahrenheit injures it; it remains flexible in any degree of cold, and is not affected by moisture.

3.—It is of great strength and durability, will not stretch, does not slip on pullies, a gain of power is obtained, and when adjusted to machinery does not require alteration, as is the case with leather or any other.

4.—It is from 30 to 40 per cent. cheaper than leather.

The following certificate from a gentleman well known in this community, is appended:

SCRAN MILLS, MILWAUKEE, December 14, 1850.

I certify that I have used the METALLIC RUBBER BELTING for the past three years, for driving a Smut Mill, running at a speed of about 700 revolutions per minute. It does not slip on the pullies—will not stretch, nor does it require alteration. I consider it preferable to leather, having used both. W. S. EASTON.

Certificates from all the principal Eastern Manufacturers, Millers, Machinists, &c. &c., can be seen at the Agency.

Furnished at given lengths, and sold at the Manufacturer's prices by WILLIAM BROWN, Jr.

A State Senator for the tenth senate district, comprising the county of Dodge, in place of James Giddings, whose term of service will expire on the first day of January next:

A State Senator for the twelfth senate district, comprising the county of Jefferson, in place of Peter H. Turner, whose term of service will expire on the first day of January next.

A State Senator for the fourteenth senate district, comprising the county of Walworth, in place of George Gale, whose term of service will expire on the first day of January next.

A State Senator for the sixteenth senate district, comprising the county of Kenosha, in place of Orson S. Head, whose term of service will expire on the first day of January next.

A State Senator for the eighteenth senate district, comprising the third, fourth, and fifth wards in the city of Milwaukee, and the towns of Lake, Franklin, Oak Creek, and Greenfield, in the county of Milwaukee, in place of Duncan C. Reed, whose term of service will expire on the first day of January next.

Members of Assembly and such county officers as are required by law then to be elected.

WILLIAM A. BARSTOW,
Secretary of State.

Troy Fire Insurance Company
TROY, WALWORTH COUNTY, WIS.
CAPITAL $100,000.

The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows:

Whole number of Policies issued,............ 964
Whole amount of Property insured,.. $622,451 00
Whole amount of Cash premium,........... 5314 27
Whole amount of losses allowed and paid, 371 27
Balance of Cash Premium on hand,......... 4943 10

IT is gratifying to the Directors to state to the members of this Company, that the business has more than met their expectations, and is rapidly increasing. This unparalleled success in the commencement, and increase of business, show that our plan and management meets with the approval of the public.

The Charter and Bye-Laws are free from objections, and provide that the risks shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmer's Department are on farm property, detached dwellings, country churches, school houses, tailors' shoe-makers', and saddlers' shops. No hazardous risks will be taken in either department, nor more than $2000 in one risk, or in a circle of eight rods.

The company possess both the advantages of the Stock and Mutual plan. Any person insuring may pay once and one-half the regular cash premium in full, without a premium note. Stoves may be added or changed, out-buildings erected, if fifty feet from dwelling, and such additions and repairs made as do not increase the hazard, without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays, in case fire, the full amount of damage, not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs.

The rates charged by this company, though low, are based upon the actual results of insuring for the past twenty years, and are found to be sufficient, with prudent management, to pay all losses and expenses without ever resorting to the premium notes; thus the rates on exposed dwellings and farm property, are a premium not of one per cent, and a cash premium of fifty cents on each $100 for five years.

In publishing our safe, cheap, and popular plan of insurance, we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery:—

The Washington County Mutual commenced in 1836, by collecting thirty cents on $100; in 1848 they first discovered that this was insufficient to pay losses, and raised to 33 cents, and now are collecting 50 cents on each $100; the result of which is, by their report, Jan. 1, 1850, $9000 in the treasury, and 68 million at risk, on which they will probably lose two hundred thousand, making their actual debt 191 thousand.

The Montgomery County Mutual is another example of bad management. They have been in operation a little longer than the Washington, and their report shows what the Washington is fast coming to. They reported to the Comptroller, Jan. 1, 1850, that their losses and each expenses had exceeded their cash receipts twenty nine thousand dollars, and fifteen thousand dollars claims unsettled, making debts and claims forty-four thousand dollars, and some thirty millions at risk, on which they will probably lose ninety thousand dollars more, making their actual debt one hundred and thirty-four thousand dollars.

The cash premiums now collected by these two companies on what they insure in future will only pay losses on the same, consequently those insuring with them now not only pay for their insurance, but assume a portion of these enormous debts, which must be raised by tax. These companies are unpopular in New York, and are compelled to wander in the Valley of the Mississippi where they are not so well known for business. Arch Bishop and Lester Wilcox may publish, as heretofore, their firm belief that no tax will ever be necessary, but the figures are the things to judge from.

Since the above reports, the Montgomery have made a tax on their premium notes.

Now we would ask the public candidly, which of these three companies it is to their interest to insure in; the Washington, and assume a debt of $191,000, the Montgomery, and assume a debt of $134,000, or of the Troy, with an increasing cash fund sufficient to pay all losses and expenses without ever resorting to a tax?

PATENT MEDICINES.

Dr. Guysott's Improved Extract
OF
Yellow Dock and Sarsaparilla.

IS NOW PUT UP in the largest sized Bottles and is acknowledged to be the BEST SARSAPARILLA made, as is certified by the Wonderful Cures it has performed, the original copies of which are in the possession of the proprietor. Remember, this is the only TRUE and ORIGINAL article.

This Medicine, when used according to directions,

Will Cure Without Fail,

Scrofula,
or King's Evil,
Cancers, Tumors,
Eruptions of the Skin,
Erysipelas, Chronic Sore
Eyes, Ringworm, or Tetters,
Scald Head, Rheumatism, Pains in
the Bones or Joints, old Sores and Ulcers, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Disease of the Kidneys, Loss of Appetite, Diseases arising from the use of Mercury, Pains in the Sides and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, and Costiveness.

THE BEST FEMALE MEDICINE KNOWN!

Incipient Consumption, Barrenness, Leucorrhea, or Whites, Irregular Menstruation, Incontinence of Urine, and general decay state of mind are cured by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, which gives immediate relief by removing the foundation of health and strength, the blood. It neutralizes bad humors, stops unnatural secretions, and gives healthy action to all the vital powers.

Let all who wish to purge the blood from the impurities contracted from the free indulgence of the appetite during the winter, and to prepare the system to resist summer epidemics, secure now in "Dr. Guysott's Extract of Yellow Dock and Sarsaparilla," which is proving itself an antidote for many of the most malignant diseases that flesh is heir to, and they will never be disappointed; for in this remedy the public faith has never wavered—never can waver; for it is founded on experience, not on their want of faith in other and spurious compounds, is also founded on experience. They fly from infidel nostrums to seek hope, life, and vigor from this purely vegetable remedy; therefore, however broken down in health and spirits, however loathsome to himself and others, let no one despair of recovery; let the patient only understand that his hopes of physical restoration lies only in Guysott's Extract of Yellow Dock and Sarsaparilla, and persuade him to try it, and we have no hesitation in predicting his speedy restoration to health.

KING'S EVIL.—CASE OF O. M. LEONARD.—If the reader will observe, he will see that in nearly all cases the patient has tried nearly every physician within his reach, and nearly every remedy; but when he lies upon Guysott's Yellow Dock and Sarsaparilla, the cure is immediate:

Prolapsus Uteri or falling of the Womb, of five years standing cured by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, after every other known remedy had been tried without relief:

Washington, Ohio, February, 1849.

This certifies that my wife, aged 27 years, has been suffering under the above complaint for 5 years—nearly all of that time confined to her bed. I have for 4 years constantly employed the best medical talent that could be procured in this section of the country; without any benefit whatever. I have also purchased every instrument recommended for the cure of such diseases, all of which proved worthless.

In the spring of 1848, I was induced by my friends to try Guysott's Yellow Dock and Sarsaparilla, which was used for 4 months. After she had used it for about 4 weeks, it was evident to all that she was improving, and from that time she improved rapidly, and gained flesh and strength, until the disease was entirely removed, and she is now enjoying most excellent health.

WM. MONTFORT.

We, being the neighbors of William and Julia Montfort, know that the above statement, as to the sickness of Mrs. Montfort, and as to the cure being effected by Dr. Guysott's Yellow Dock and Sarsaparilla, to be strictly true.

JANE EDDY.
SARAH POWERS.

Blooming Grove, Dec. 1, 1849.

Messrs. S. F. Bennett & Co.—Gents: Some time in 1843 I was attacked with King's Evil in my arm, which became so sore that I could not use it, and in 1845 mortification set in. I employed, at different times, each physician of celebrity within my reach; all told me that my arm must be amputated. From the shoulder to the fore-arm, my arm was full of running sores—some of them as large as a half a pint basin. I then tried an Indian doctor, who removed the mortified flesh, and stopped the mortification, but could not heal my arm. My strength at this time was completely exhausted, and my person much exhausted. I remained in this state until the summer of 1848, when I saw an advertisement of Guysott's Yellow Dock and Sarsaparilla, which I read attentively, and sent for one bottle of the article. After using it a few days, the discharges from my arm increased, and assumed a light color, and less offensive odor. I sent for a second bottle, and while using it I found my strength increasing and the discharges from my arm decreasing. I continued using it until I had used six bottles, though I felt myself perfectly cured before I used the sixth bottle. Since that time I have not felt any pain in my arm; no sores have re-appeared, and I have no reason to doubt that it is thoroughly cured, for I can labor with it as well as I ever could.

"Guysott's Yellow Dock and Sarsaparilla" alone cured me; I took no other remedy while using it, and had I tried it at the first appearance of the malady, I fully believe it would have saved me from years of suffering. And I most earnestly recommend every person suffering under any similar disease, to use Guysott's Yellow Dock and Sarsaparilla which will restore them to health.

Yours, in gratitude,
O. M. LEONARD.

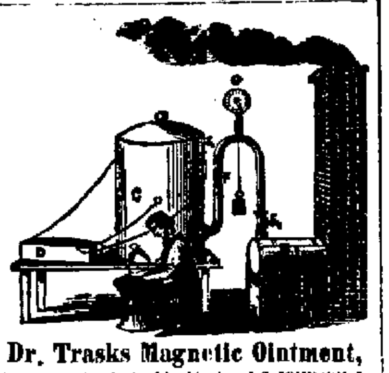
PATENT MEDICINES.



Dr. Trasks Magnetic Ointment,

CAN now be obtained in this city of S. JOHNSON, Jr., and H. Bosworth & Sons, and of one or more Druggists or Merchants in most of the cities or villages of the West. The great and increasing popularity of this remedy is mainly attributable to its controlling power over acute inflammation and nervous irritation. From the best of evidence in our possession, from Physicians, of the best standing, who have prescribed it, and from others who have been healed by it, we are satisfied that it will cure in some cases where no other known remedy will do it. This it has appeared to do in numerous cases of Chronic Sore Eyes and partial blindness, where the most eminent medical treatment had failed! For inflammatory Rheumatism, Burns, Freezes, Ulcerated sores, Scald head, or for relief from a sudden stoppage of the pores of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases.

☞ The attention of Physicians is respectfully called to a rigid scrutiny of the merits of this article.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch, in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since,) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidentially appeals to the thousand certificates of its wonderful cures and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked,—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the slightest notice?" Tho' it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce out of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla, Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of any medicine?

Louisville, May 20, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

Testimony Like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville, Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

L. P. YANDALL, M. D.

Louisville, June 6, 1848.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

JAMES M. MOORE, M. D.

Winchester, Ky., Feb. 1, 1848.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

JOY TO THE BED-RIDDEN.

A VALUABLE DISCOVERY
FOR THE
INSTANT CURE OF PAIN.

RADWAY'S
READY RELIEF,

CURES THE WORST DISEASES IN MINUTES AND HOURS, AND STOPS THE MOST CRUEL PANGS IN SECONDS.

So quick and efficient is Radway's Ready Relief in stopping pain and curing diseases, that it has frequently raised the diseased and hopeless invalid from a bed of sickness in a few hours. It has cured the worst pains of

RHEUMATISM,	In four hours,
NEURALGIA,	In twenty minutes,
TIC DOLOREUX,	In ten minutes,
TOOTH-ACHE,	In three seconds,
SICK HEAD-ACHE,	In three seconds,
NERVOUS HEAD-ACHE,	In fifteen minutes,
SOUR STOMACH,	In five minutes,
HEART-BURN,	In five minutes,
BOWEL COMPLAINTS,	In thirty-two minutes,
CRAMPS and SPRAINS,	In twenty-five minutes,
DIARRHEA,	In one hour,
INFLAMATION of the BOWELS	In thirty minutes,
LOCAL INFLAMATIONS	In ten minutes,
INFLUENZA,	In twelve hours,
HOARSENESS,	In ten hours,

Special complaints, swellings, bruises, sores, wounds, &c., it will relieve ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER PAIN TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen.

IT IS BETTER THAN ALL OTHER REMEDIES.

HERE IS THE PROOF!

There is no other remedy that claims to subdue the cruel pangs of pain in seconds, minutes, or even hours. They require the patient to use dose after dose before a favorable change is promised. Not so with RADWAY'S READY RELIEF. Its effects are instantaneous; the first dose that is taken, or the first external application, commences its great work of relief from pain.

SICK HEADACHE CURED IN 20 MINUTES.

Radway's Ready Relief has cured over 50,000 cases of Sick and Nervous Headache during the past season. In the Western States where this distressing complaint is so general, Radway's Ready Relief has cured every case where it has been applied. Our agent at Romeo, Michigan, writes—"Out of our Village of 1000 inhabitants, Radway's Ready Relief has cured 750 persons of Sick and Nervous Headache, Weakness, Fainting spells,—curing many of the worst cases in the incredible short time of 15 minutes. I know it surpassing every kind of Medicine we have here, in arresting pain and curing diseases of Nervous, Rheumatic, and of Billious type."

LADIES BEDSIDE COMPANION.

Radway's Ready Relief, from its universal applicability for all Pains, Aches, and Complaints incident to this country, writes our agent at Rockford, Ill., is looked upon as a God-send. "Our ladies will not even go to bed unless they have a bottle of Ready Relief within their reach; and our men will not venture out of their dwellings without a bottle of this safeguard in their pockets. It cures all Pains and all Aches; Headache, Faceache, Toothache, Backache, Earache, Stomachache, Pain in the Limbs, in the Joints, the Muscles, the Legs, Feet, Arms, Shoulders—wherever and whatever the pain may be, it is instantly allayed by the use, either internally or externally, of Radway's Ready Relief."

RHEUMATISM CURED IN 20 MINUTES.

It has cured Mr. T. Freely, of 679 Water-st., who was confined to his bed for nine months, who tried every Liniment, Sarsaparilla, Life Balsam of any popularity, without one hour's relief. Radway's Ready Relief stopped all the pain in twenty minutes. Mr Freely is now in good health. It cured a lady at Clifton, Va., so writes Rev. Jones of that place, "in two hours of Chronic Rheumatism." It cured a gentleman from Sing Sing, who had the Rheumatism for Six Years, in twenty-four hours,—so says the Hudson River Chronicle, published in that place. If there is a person in this city, now suffering with Rheumatism, Neuralgia, Nervous, Tic Doloreux, who has tried all other remedies advertised, and has not been cured, we invite you to call upon us at our office, 162 Fulton St., N. Y., and we will warrant you a speedy cure.

WEAK AND ENFEEBLED, VICTIMS OF NEURALGIA.

Radway's Ready Relief possesses a far more potent power over this class of diseases, than Morphine, Quinine, Strychnine, or any other Nervine in use. It stops the pain quicker, is free from all poisonous or debilitating properties. It is entirely vegetable, and as innocent as the mountain flake. More powerful than all the Nervous Antidotes, mixtures of Sarsaparilla, &c., in use. Its first action is to calm the acute sensibility of the nerves—to give strength, vigor and action to the torpid energy; to invigorate the functions and secretions of every organ in the system; to close and heal the pores; to give a quickened action to the blood, and tone to the stomach; to regulate the action of the bowels and secretions of the skin, and carry out of the system all morbid, poisonous and humorous matter. Restoring to the body, to strengthen the nervous energy of the whole system; to change the weak, enfeebled, worn out, broken down constitution, to a healthy, robust, joyful, strong and hearty being. A teaspoonful of Radway's Ready Relief, taken internally three times per day, and by applying it externally when pain is present, will do all this.

MARRIED LADIES

Should make use of Radway's Ready Relief as a bath. Its invigorating and relaxing properties soften the flesh, gives strength, elasticity and suppleness to the joints and limbs. Moreover, it is a powerful regulator of the secretions and functions of every organ in the system. Married ladies, by bathing every night with Radway's Ready Relief, at a particular period, will avoid much of the pain attending them on certain occasions.

COUGHS AND COLDS.

Radway's Ready Relief will instantly stop the most troublesome Cough. It has cured hoarseness in one and again, in a few hours. Taken internally, it enable the patient to expectorate freely, removes all inflammation, swelling and irritation of Bronchical organs, and by bathing externally, the neck, throat and chest, it produces a quick reaction to the skin, the patient perspires freely, it removes the pain from the throat and gives strength to the lungs.

ERUPTIONS OF THE SKIN

By adding a table spoonful of Relief to a tablespoonful of Olive Oil, it will stop the most painful itching of the skin in a few minutes, and entirely cures Salt Rheum, Ring Worm, Itch, Burns, Sores, Scalds, &c.

ELEGANT TOILET REQUISITES.

RADWAY'S MEDICATED SOAP.

Radway's Medicated Soap, so favorably known through the fashionable world for its extremely [illegible] purifying and soothing effects on the skin; while by its action on the pores and the minute secretary vessels it expels all impurities from the surface, allays every tendency to inflammation, and effectually dissipates all redness, tan, pimples, spots, freckles, discoloration and other cutaneous eruptions. The radiant bloom it imparts to the cheek, the softness and delicacy which it induces of the hands and arms, its capability of soothing irritation and removing cutaneous defects, render it indispensable to every toilet.

Gentlemen after shaving will find it allays all irritation and tenderness of the skin, and renders it soft, smooth and pleasant.

PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

☞ Another Scientific Wonder!

DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for diseases of the Stomach, and deficient secretion of Gastric Juice.

All medical works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

☞ The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle.

☞ OBSERVE THIS.—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly fit the most irregular heads. Many can testify to the inconvenience and even great and actual pain they have been subjected to, by wearing in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and have an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $3.50; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

Orders at WHOLESALE filled at the lowest New York manufacturing prices.

Planing Mill and Lumber Yards.

THE SUBSCRIBERS, having purchased the exclusive right of using WOODWORTH'S PLANING MACHINES, in the county of Milwaukee, are now prepared to furnish from their own stock the best kinds of planed

Flooring, Siding and Ceiling,

as well as to execute orders from customers when desired. These machines are now used in all parts of the United States, and are admitted by general consent to be superior to all others in the quality of the work executed by them. Their Steam Mill is on West Water street, Fourth Ward, near the Rail Road Depot, where they invite their friends to call and see the Machines in operation and inspect the superior quality of the work done by them.

They also keep at their Lumber Yards on Erie street, (old stand) opposite the Red Warehouse, a full assortment of Lumber.

Sawed Timber, of all sizes and lengths, Long Joist and Scantling, Planed Lumber of all kinds, a superior article of sawed Shingles, Pickets, and Cedar Posts.

The quality of their Clear Lumber this season is equal to any to be found in the City, and they would invite the attention of Carpenters and Builders to an inspection of it. They would also give notice that they are the authorized agents for the sale of Rights (which all persons are cautioned against using without right, as such infringements will be legally noticed) to use the Woodworth Planing Machine for the State of Wisconsin.
